## InsideOUT

When I get out...  
my life's gonna be inside-out.  
Instead of doing the bad, imma be doing the good.  
Instead of fighting, imma be hugging.  
Instead of smoking, imma be working.  
The word "HATE" has just faded,  
the word "LOVE" has been created.  
When I get out...  
my life's gonna be inside-out.  
This I know without a doubt.

-Andrew

## SEALING/EXPUNGEMENT OF RECORDS

### **California Expungement**

An expungement relieves the defendant of certain penalties and disabilities that result from criminal action. Under California law, once a case is expunged you are no longer required to disclose these convictions on employment, housing and education applications. Your criminal record is treated as if it had never occurred before.

### **California Seal**

Sealing a criminal record means to remove the specific record from public view. When a criminal history record is sealed, the public will not have access to it. Sealed records remain in a confidential file on the Department of Justice's computer but it does not show up on record checks such as background checks done by employers.
